RENO, WASHOE COUNTY, NEVADA. FRIDAY, FEBRUARY, 25 1881.

NO. 113

## The New Bible—Quick Work.

The new version of the New Testament, which has been so many years in course of translation, and which is unquestionably the most important literary enterprise this century has seen, is being waited for with curiosity and anxiety by hundreds of thousands. It is not generally known that a first edition of 500,000 copies has already been manufactured in England, and 100,000 copies are said to be already in New York City, not one of them permitted to be sold. They are awaiting a telegram from the authorities in England authorizing their issue. The first copies can only be had at the extravagant price of \$10 per copy. The Literary Revolution proposes fully to meet the demands which its army of friends are making upon it by doing probably the quickest work in book-making which has ever yet been accomplished. Arrangements have been fully made to put the entire book into type inside of 24 hours from the time a printed copy of the English edition can be procured, and within three days at least 10,000 copies will be bound ready for delivery to waiting purchasers, and at least 5,000 copies will be manufactured every day thereafter, until the demand is met. It will be printed in large, beautiful type, neatly and strongly bound in cloth, in a volume of about 500 pages, and sold at the nominal price of 30 cents. A fine edition in Russia, gilt top, will be sold for 60 cents, and one in full Turkey morocco, gilt edges, for \$1.25. Of course, the popular demand will be enormous. Orders will be filled in the order in which they are received, with remittance. American Book Exchange, New York.

## The Long-Lost Charley Ross.

The father of Charley Ross, writing to the latest discoverers of the lost boy in Canada, says the last spark of hope has gone out, and he mourns the lost one as dead. After giving reasons why the Canada boy cannot possibly be Charley, he adds: "I have always believed that my Charley, although only 4 years and 2 months at the time he was taken, would remember his brother Walter, who was taken away with him, and had also thought that he would even have a distant recollection of the feeling of loneliness that he must have experienced when he found he was in the hands of strangers and separated from his parents." On another recent occasion, Mr. Ross said: "The only tidings I have ever received of Charley since he was stolen was the demand for a ransom of \$20,000. If I had paid that, I would have had him long before this. As it is, I have spent \$30,000, and have not got him."

## How English Wives Keep House.

From the N. Y. Graphic.  
English wives, high and low, keep household accounts in a way that would surprise many American women. Every penny spent in the house goes down in the "Housekeepers book," with which every mistress of a household is provided. Every bill is filed away carefully when received. In fact, a perfect system of order prevails, which enables every man to know exactly what it costs him to keep up his home. In that country every expenditure is made to bear its proper relation to the income received. House rent must be only such a percentage, table outfit so much, servants' wages so much, children's schooling so much, aims-giving so much, and if at the end of the year it is found that the income has been exceeded, these people immediately proceed to reduce items in every department. The general style of their living remains about the same, but it is necessarily not quite so genuine.

## New Biographical Dictionary.

Prominent among the valuable features of the New Edition of Webster's Unabridged Dictionary, just issued, is the "New Biographical Dictionary," comprising about 10,000 names of ancient and modern persons of renown, including many now living. It gives us the pronunciation of these names, the nationality, profession or occupation, date of birth, and if known, the date of death of each person. From its conciseness, and accuracy it supplies a want long felt in this direction, and adds very greatly to the value of this always valuable work.

## A Greased Pole in an Engine House.

The Western device of a greased pole, in fire engine houses, on which the firemen slide down, instead of using the stairways, was lately ridiculed by officials of the new York department, in conversation with a Sun reporter. Cincinnati firemen respond with a defence of the pole, and declare that the celerity claimed by the New Yorkers—three seconds between the first tap of the alarm and readiness to start—is an impossibility. They gave an exhibition to an English reporter, and the best achievement was twelve seconds, the men being in their rooms when the gong sounded.

## A Forage Plant.

The S. F. Bulletin says that the Branching Doura, which sends up a number of stalks from one seed, is attracting attention as a forage plant. The stems are sweeter than those of common corn. It stands dry weather well, and yields a much greater weight per acre than the amber cane does. It seems to thrive well everywhere. Letters from South Carolina, Kansas, and other States show that its qualities have won admiration.

## The Mystery of the Stars.

From the Columbia Spectator.  
(Stella Basileu, Vassar, '81, has just been relating some astounding astronomical facts and figures.)  
A. Dullston Sleoman ("I never went in for that sort of a thing, you know.") "I see how one can find out how large and how far away the stars are, but, by Jove! I don't quite see how they ever found out their names."

THE DEPARTMENT OF AGRICULTURE.

The *Alta* calls General Le Duc the eccentric commissioner of agriculture, and calls his efforts in aid of his department "absurd." From a personal acquaintance, we can say to the *Alta* man that Mr. Le Duc is anything but eccentric. He is a thoroughly practical and skillful business man, a successful man of affairs. As to the work of his department, there may be reason for dispute, but we cannot see why there should be so much growling at the expenditure of a few dollars to aid the most important of all our interests. This generation is very active in all the fields of human thought, and if the bureau spreads only the valuable discoveries of others, without originating anything, it is doing valuable service. In a country so vast as this there must be portions which are peculiarly adapted to plants or cereals unknown there, and also portions where labor is wasted in the effort to grow things not adapted to the climate or soil. Places like Nevada are almost worthless so far as ordinary agriculture is concerned, but somewhere in the world there may be trees and plants that could be profitably grown even in this dry climate. Anyone who is in a position to take in the whole field might make a hit at any time that would be of more value to the country than such a department would cost in a century.

### DEATH OF SENATOR CARPENTER.

Senator Matthew H. Carpenter, of Wisconsin, died yesterday, aged 57. He was born at Moretown, Vermont, in 1824; spent the two years between '43 and '45 in the West Point Academy, and subsequently studied law with Rufus Choate. In '48 he removed to Wisconsin and practiced law. He was first elected to the United States Senate in 1869. He was re-elected in 1879 for a second term. By his death the Republicans lose one of the most distinguished members of the party. The vacancy created by the demise of Senator Carpenter will give the Democrats control of the Senate at its organization next week, even should Davis and Mahone both vote with the Republicans. The Wisconsin Legislature cannot constitutionally fill his place until March 8. Senator Carpenter will of course be succeeded by a Republican. There is likely to be a sharp contest for the place. Among the most prominent candidates are ex-Senator Howe, "Boss" Keyes, Governor Pound and possibly Senator Cameron, whose present term expires on the 4th proximo.

### EDITORIAL NOTES.

With all her prodigality to California in other respects, nature withheld lobsters, while bestowing the crawfish. This lack the State Fish Commissioners have succeeded in supplying. They procured live lobsters from the Atlantic and deposited them in a sheltered cove near the Heads at the Golden Gate. Those lobsters have evidently taken kindly to the Pacific, for the Commissioners have received the noteworthy gratifying intelligence that Chinese fishermen at San Quentin have been catching young lobsters, and throwing them away. Those Chinamen, with their fine nets, make a clean sweep of everything in the shape of a fish, and they put no little ones back into the water. The Chinamen have been destroying the young shad in the same way. The Commissioners are disgusted with this state of things, and desire the law to step in for the protection of the fingerling shad and the infantile lobster.

The *N. Y. Herald* now thinks the following will be the cabinet as far as it goes: "Secretary of State, Blaine; Secretary of the Treasury, some Western man; Secretary of War, Robert Lincoln; Postmaster General, Charles F. Foster; Attorney General, Wayne McVeigh; Minister to England, Levi P. Morton." But nobody knows anything about it, and Garfield may

surprise everybody when the time comes.

Judge Mesick, one of the most successful lawyers on the coast, attributes his success to hard work. He goes to the bottom of every case he takes in hand, and lets no point escape his attention. He entered upon the study of law comparatively late in life, at about the age of 35, and was before that a saloon keeper or in the livery stable business.

Mr. Cable's new novelette, "Madame Delphine," is to begin in *Scribner's* for May. It is said to treat of pirates and other lawless topics in New Orleans, and to present a number of strange situations, but to keep cleverly clear of the sensational. The same number of *Scribner's*, it is hinted, will have some surprisingly fine features.

Those brave Boers have issued a proclamation in which they say: "We declare before God, who knows the hearts, and before the world: Any one speaking of us as rebels is a slanderer! The people of the South African republic have never been subjects of her Majesty, and never will be."

The *Virginia Chronicle* has planted a little boom for Jere S. Black for President. The great difficulty with Judge Black is that he is too able and pure a man to find much favor with the rank and file of the Democratic party.

By the way, what has become of Boynton Carlisle, the refulgent meteor which but recently blazed athwart the sky of Nevada journalism and disappeared in darkness? Don't bang your hair, girls. Men do not admire the appearance of idleness which banging gives. Show all the forehead you have, and get credit for good taste.

Fifty families leave Ottawa next week for Dakota by special train. The exodus to the United States is rapidly decreasing the population of Canada.

A walking match is to be commenced in New York on March 7th, between O'Leary, "The Unknown," Vaughan and Rowell.

### ROUND ABOUT.

There are 2,862 children in the Orphan Asylums of California.

A cloud-burst near Santa Rosa recently struck the mountain side at the head of a small canon, making a hole or pit twenty feet deep where it struck the earth, and swept everything before it for nearly a mile.

The telegraph line, as usual, is down between Butte, Montana, and Deadwood, Dakota. This is caused by buffalo in the neighborhood of Powder River, across which the line runs, which rub themselves against the telegraph poles.

At Stillwater, Churchill county, an association of ranchers are sinking an artesian well. There is a large area of fine farming land around Stillwater, which is at present valueless on account of lack of water, and if artesian water can be obtained the land can be cultivated.

It is estimated that over \$100,000 worth of logs, ties and timber have gone down the Columbia, past Vancouver, W. T., within a week. The water was covered half a mile wide for four days, going to sea at the rate of four miles an hour.

Asbestos taken from a mine near Elko, owned by Prof. Frank Stewart, is finding its way into general favor. It is said to be a much better article than any found in California. This material is used for coating steamships and boilers, for which purpose it is very useful.

It is stated that the orchards and vineyards in the vicinity of Vacaville, Solano county, aggregating some 600 or 700 acres, are yielding \$150,000 per annum, and each fruit farm is a witness that every acre of good land there, in three or four years, can be made to produce annually a net income of from \$100 to \$1,000.

The recent earthquake at Chelame, Monterey county, was a severe one. On the Parkinson ranch mud and water was thrown ten feet high. One large spring boiled out water blood-hot for a day or two, but gradually cooled off. At another place it threw up a large sulphur spring and the ground sank about four feet. There was a loud explosion proceeding the first earthquake.

The California & Oregon Railroad to be completed.

An interview with a prominent Oregon Railroad and Navigation official discloses that negotiations pending between the Oregon Railroad and Navigation Company for the purchase of the Oregon and California Railroad from German bondholders, are expected to be consummated within thirty days. This accomplished, work will be pushed to completion.

We're Glad You're Glad.

From the S. F. Report.

Reno, Nev., has at last secured the Insane Asylum. We are glad of this because Reno is a live enterprising little town with plenty of public spirit. Its newspapers have always worked sturdily and intelligently for its interests and deserves much of the credit due for its success. We hope the State Prison and the Capitol will in due time be in Reno. Carson belongs to a departed era.

### Notice to Everybody.

An illustrated price list, and samples sent free to any part of the Pacific Coast. The largest retail establishment west of the Rocky Mountains. Orders are promptly filled for goods—from a pair of overalls or brogans, to a lady's silk or velvet dress or French Bonnet, suitable to clothe the infant, the boy, the girl, the man or woman, in all conditions of life.

MECHANICS' STORE.

Jan 25-Daw-1m, Sacramento.

Oh, What a Cough!

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourself if you can afford for the sake of saving 50 cts., to run the risk and do nothing for it? We know from experience that Shiloh's cure will cure your cough. It cures the fall. This explains why more than a Million Bottles were sold the past year. It relieves cough, and whooping cough, at once. Mothers do not be without it. For lame back, side, or chest, use Shiloh's Porous Plaster. Sold by Osburn & Shoemaker, drug gists, Reno, Nevada. nov-8-eod-daw

### A Card.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City may-8-eod-D&W

### Fees of Doctors.

The fee of doctors is an item that very many persons are interested in just at present. We believe the schedule for visits is as follows: which would tax a man confined to his bed for a year, and in need of a daily visit, over \$1,000 per year for medical attendance alone! And one single bottle of Hop Bitters taken in time would save the \$1,000 and all the year's sickness.—Ed.

All watches and jewelry repaired or made to order, is guaranteed as represented at I. Fredrick's. feb15

C. W. Willey, E. Salt Works

## NOTICES.

—Next Monday will be steamer day.

—The County Commissioners meet next Monday.

—Go to Miss Blanche Leonard's benefit this evening.

—See 50 cent column for reward for lost pocket book.

—Those fresh hams at Knust's are sweet and juicy.

—February seems to be preparing to go out like a mule.

—The prisoners in the jail are now allowed a little exercise on the public roads.

—There will be a called communication of Reno Lodge, No. 13, F. & A. M., to-morrow evening.

—Miss Blanche Leonard makes her professional debut as Mary Morrison in "Dora" this evening.

—Quarterly conference of the M. E. Church meets to-morrow afternoon in the study of Rev. C. McKelvey.

—The repairs on the Highland ditch will be completed to-night, and to-morrow there will be a full head of water on.

—A petition is being circulated recommending the Agricultural Fair bill. It is said that Bailey and Lewers oppose it.

—An Indian was in town to-day with the skins of sixteen woodchucks which he had shot near Summit.

—Detective Davis will not be here until to-morrow morning. W. C. Haight is still here, waiting to accompany him to Bodie.

—A soldier, sentenced to nine months' imprisonment for desertion, was brought in from Fort Bidwell this morning. He will be sent down to Alcatraz on the overland to-night.

—Joe cannot minister to a mind diseased, but for four bits he will serve as good a dinner as a man need want, and throw in a bottle of wine in the bargain.

**The Masquerade Ball at Wadsworth.**  
The masquerade ball at Wadsworth last Monday evening was a financial as well as a social success, the cash receipts amounting to \$290, which goes into the school fund. The ladies gave a fine supper for the benefit of the good cause, and the proprietors of the White House in Reno donated a handsome vest to be awarded to the masker who should best sustain his assumed character. The vest was won by Samuel Raphael, who put it up at raffle, which brought \$25 into the school fund. The attendance was large, and many fine costumes were worn. Wadsworth beats the rest of Washoe county in getting up and supporting such affairs. They have a big ball down there every few weeks, and everybody goes.

**Assessment List.**  
The following is a complete list of outstanding assessments upon stocks listed at the San Francisco Stock and Exchange Board, with the dates upon which they will become delinquent in the Board:

Comstock.	Am't.	Delinquent in Board
New York	10	March 4
Scorpion	15	March 4
G. & C.	50	March 6
Seg. Belcher	1.00	March 8
Confidence	50	March 15
Belcher	50	March 18

**Bodies.**  
McClinton 05 March 6  
Oro 30 March 12  
Syndicate 35 March 18  
Goodshaw 15 March 21  
East Nevada 10 March 21  
Belvidere 25 March 21

**Mine Assessments.**  
Leeds 15 March 5  
R. del Monte 25 March 8  
Mammoth 25 March 13

## ABOVE THE CLOUDS.

A Happy Hit for the Reno Dramatic Club.

"Above the Clouds" was played by the Reno Dramatic Club to a full house last night. Considering that the members of the company are all amateurs, the performance was in every respect admirable. Many traveling dramatic companies have given less satisfactory performances here. Every part was well sustained last evening, and some of the characters were personated with a considerable degree of dramatic capacity. The play was much more interesting than the average amateur drama, and had a number of exciting situations. Each character was appropriately dressed, and the general make-up was excellent. C. M. Fassett, the injured husband and the hermit of the mountains, where he lived "above the clouds," looked a bona fide hermit, and acted as a suffering husband might be supposed to act under the circumstances. E. L. Bridges, as Alfred Thorpe, a city nabob, was the heavy villain, and played his part with commendable grace and address. Geo. Conklin's Amos Gaylord would have been creditable to a professional actor. Seymour Bryant, as Howard Gaylord, was a little stiff at first, but warmed up to his work as the play progressed, and came out strong in the later scenes. Dr. Lewis' make-up as Titus Turtle was marvelously good, considering the quantity of making up which the Dr. required to personate the fat Turtle, and his acting showed a careful study of the part. A. H. Smith's impersonation of "Chips" was capital, and M. J. Dillman's Nat Taylor, the long-haired poet, was most happy. Miss Hattie Lewis as Grace Ingalls, a young artist, did surprisingly well, and Miss May Benham's characterization of Hester Thorne, the housekeeper, astonished the audience by its excellence. The two other ladies in the play had minor parts, and sustained them most creditably. Miss Ella Knowlton, as Susie Gaylord, was the soubrette of the piece, and made a lively one. Miss Kate Benham, as the gushing Lucretia Gerrish, "so romantic," and fond of Turtle, well represented that role. The ladies, of course, all looked lovely in their respective parts. Altogether, the Club made a great success. The gross receipts were about \$115. The audience was thoroughly pleased, and hopes are expressed that the Club will give another performance at no distant date.

## Reform Club Programme.

The following programme has been prepared for the Reform Club entertainment to-morrow evening:

Song, No. 1.....	Club Duet.....	Willie and Pete Murray
Recitation.....	Louise Derrick	Solo.....
Reading.....	Addie Vaillancourt	Miss Ella McNeely
Song.....	R. Jose	Address.....
Wm. Cain	Song, No. 68.....	Club Reading.....
Miss Minnie Vaillancourt	Solo.....	Miss Carrie Dickey
Recitation.....	Mrs. Hartung	Quartette.....
Mrs. Greeley, Miss Jamison, Messrs. Patton and	Song, No. 94.....	Club

## Heights in Lassen County.

Altitudes in Lassen county, as given by the Plumas National, are as follows: Honey Lake, 8,939 feet; Susanville, 4,195 feet; Peter Lassen's Grate, 4,281 feet; Goodrich's Ranch, Mt. Meadows, 4,883 feet; Eagle Lake, 5,115 feet; Milford, 4,430 feet; Willow Ranch, Long Valley, 4,275 feet; Junction House, Long Valley, 4,639 feet; Shaffer's peak, north of Honey Lake, 6,864 feet; Horse Lake, 5,030 feet.

## Delayed Trains.

The east bound overland met with an accident near Summit last night, the two engines leaving the rails and turning side by side across the track. No trains have arrived from the west since the accident. It was thought at noon to-day that the overland and the lightning would arrive here with the mails and passengers at about 4:30 this afternoon. It is reported that engineer Kelly was badly injured.

## A Call.

The citizens of Reno are requested to meet at Judge Young's office to-morrow evening to confer upon Agricultural Society matters. The Washoe delegation is willing to carry out the wishes of the people if they decide upon what they want. The meeting is called by prominent citizens to consider what legislation is needed.

## GOOSE LAKE VALLEY.

Progress—500 Acres of Wheat on One Ranch—The Rain—Early Flowing and Seeding.

WILLOW RANCH, Feb. 18, 1881.

**Editor Gazette:**—You have so often had correspondence from this beautiful valley and from the shores of its more beautiful lake, that I need not describe either. A steamer is said to be building at Lakeview to go on the lake next summer. New Pine Creek, on the State line, is growing. Willow Ranch, 8 miles south of the State line, in Modoc county, had a heavy setback in November, by the burning of the Snider Mill, with about 6,000 bushels of wheat; total loss, \$10,000 to \$18,000; insurance, \$10,000. Mr. Snider will commence the reconstruction of the mill in April, to cost from \$8,000 to \$10,000. The firm own a sawmill, and will push the work forward to an early completion.

Mr. Snider has a ranch of about 3,000 acres. Three hundred acres of wheat sown in the fall came up nicely during the late rains. He expects to sow about 200 acres more. There will be probably 1,200 acres of wheat next year at Willow Ranch—or from Snider's to the State line, eight miles north. Charles Snider has shown unusual energy in opening up this valley. The abundant rains promise to repay him on the 500 acres of wheat. His effort will fully test fall sowing also. He has sown considerable winter wheat.

## THE RAINS.

have been more than abundant in January and February—floods everywhere, and roads almost impassable. Bridges are gone, especially on Pit river, and elsewhere. The new bridge at Pitville is gone; and also the one at Fall City. They ferry in both places. The mail is boated four miles at Beiber, Big Valley. Alturas is again under water. No mails have come through from Redding for over two weeks. The letter mail comes by your city. Such continuous rain storms have never before been known in these upper valleys. The winter is mild, and cattle are doing well. Considerable hay will be spoiled by the rains, because of poor stacking.

## GOOSE LAKE VALLEY.

has suffered from two short crops, and the last hard winter. Last year's failure was because of the lateness of the sowing on account of the wet spring. The farmers are now busy plowing. The coming year promises well. The people here read with interest every item on the progress of the Nevada and Oregon R.R. Tell Mr. Moore to hurry up. Northern California, Eastern Oregon and Washington Territory say so. There is much land to be populated; many cattle to ship, and much of her forests to be cut into lumber, waiting for a railroad. Churches and schools begin to look up and put on new life. A good work has been accomplished in Surprise and Goose Lake valleys. There has been a goodly accession to the church in both places, and the work still goes forward.

W. CARVER.

## Trial of John Benner.

Three witnesses had been examined for the prosecution in the Benner case up to noon to-day, viz. Alvaro Evans, L. B. Holcombe and Jack O'Brien. James Wilson was put on the stand at one o'clock, and the prosecution had several more witnesses to call. The trial is not likely to be concluded until next week. Benner is not on trial for embezzlement, as has been stated, but is charged with receiving embezzled sheep. He expects to be acquitted.

## John Mackay on His Way Home.

The San Francisco Post says: "John W. Mackay, of the bonanza firm, is on his way back from Europe, and it is said that he carries the control of the Sutro Tunnel in his pocket." A Virginia Chronicle reporter had an interview with Superintendent Patton yesterday. He said that he did not know whether there was anything in the rumor that the bonanza people are to secure control of the tunnel or not. He has no information whatever on the subject. The Enterprise there is "something in" the story.

## Mining Stocks.

Stocks were weak this morning. Ophir sold at 4.40, Mexican 5 1/4, Savage 1.85, Hale & Norcross 3.65, Sierra Nevada 6 1/4, Bullion .95, California .90, Union 8, Alta 2.30, Scorpion 1.05. To-day's Enterprise says the present little boom in Alta is the result of stock manipulation at the Bay.

## SENATOR FAIR LEFT BEHIND.

His Race With the Overland Train at Cheyenne.

The Leader tells what happened to Senator Fair at Cheyenne as follows: "In a few minutes the train started and was speeding away at a lively rate, when Senator Fair suddenly came out of the telegraph office. He gazed at the departing train, now 500 yards away, and quickly took in the situation. He would have to run or get left. The former alternative was taken, and the 15-millionaire started on a run like any 15-cent plebeian. He ran hard, too; his speed would have done credit to a professional pedestrian. There were no 20-dollar gold or 1-dollar silver pieces hopping out of his pockets at every bound. Neither did any wallet stuffed with greenbacks fall by the wayside. Wherever Senator Fair's money was—if he had any with him—was securely stuffed away for safety.

Meantime the gap between the train and the Senator widened, although the Senator ran well. He generally runs well; at least he ran very well for the Senatorship. But he got left yesterday. However, that race was in Wyoming, and not on his native heath, Nevada.

When the Senator was forced to take the track for his course, he was influenced to abandon it at once, for he turned in alarm when he heard the switch engine puffing behind him. He stood still, not knowing what to do, when the engine came up, and the engineer requested Mr. Fair to mount the foot-board and he would catch the train for him. So the Senator from Nevada, worth \$15,000,000, bounced on the foot-board in front of the engine, and then another race ensued, but that was one between engine and engine. The donkey screeched wildly and finally the train was stopped at the bend, when the Senator from Nevada took his seat—in the sleeper.

Many persons witnessed the little event and the interest was high, from the reason that the person who was left was a 15-millionaire and yet subject to the small ills of life that beset the pathway of the impecunious traveler.

## A War of Wools.

The Virginia Chronicle's Carson correspondent thus reports a little difficulty which occurred in the House on Wednesday:

"Smyth of Lander had no patience with the extensive sympathy shown the Austin & Battle mountain road. His county—and especially Austin—had liberally subsidized that line, yet the road was now discriminating against Austin—carrying freight right past to Belmont and Grantsville cheaper than the same freight was landed in Austin.

Soule arose and said deliberately: 'I deny this absolutely. The charge is false!' He then began to explain away the apparent discrimination, when Mr. Smyth jumped up and electrified the House by saying with great heat:

'I say that I have proofs to support my charges, and when Mr. Soule says that what I say is false I say the gentleman lies clean down to the bottom of his dirty stomach.'

There was a horrified hush for a moment. Then Speaker Merrill brought down his gavel and began to say that such highly unparliamentary references to the sanitary condition of Mr. Soule's diaphragm and oesophagus, or to the unflushed condition of his thoracic duct, were not permitted by Jefferson's Manual.

Mr. Soule half rose from his seat and with a highly-inflamed countenance muttered that, peradventure, he would see the gentleman from Lander on the outside."

## Elder Carver Home Again.

Rev. W. Carver, Presiding Elder of the Northern District of Nevada Conference, came in from a nine weeks' trip in Modoc county, Cal., and Lake county, Or., yesterday. Mr. Carver found the roads unusually dry and good coming in from Cedarville. Farmers in Surprise valley are very busy plowing and sowing their wheat. Prospects for the northern valleys this season very good.

## Personal.

Lachman & Meyer have some four-bit cigars. Good ones too.

F. C. Updike's mother-in-law arrived in Jersey City in time to make good her claims to the estate left by a deceased relative. Some one had put in a claim as sole heir before her arrival.

## BY TELEGRAPH.

Cards and Pistols in New Mexico.

SANTA FE, N. M., Feb. 24.

About the first of this week a shooting affray occurred in a gambling booth in a secluded spot five miles from the stage road, between Fort Wingate and Bacon's Springs. Four men entered a saloon and called for a drink; the proprietor stated that he sold no whisky, but if the men wanted to gamble they could, and would be supplied with whisky. The four men then sat down with the proprietor, and after some time spent in playing, a row began, resulting in the death of all the card-players, each being shot several times. No arrests.

## A Serious Shooting Affair in Bodie.

BODIE, Feb. 24.

Yesterday morning a couple of miners, named Dugan and Weir, got into a discussion over a game of cards, and in the row Dugan began hitting Weir over the head with his revolver. Another miner, Donohue, interfered and knocked Dugan down with a cane, the three falling together, Dugan in the meantime firing off his revolver. The shots attracted the attention of Jack Roberts and Dick O'Mally, two policemen, who interbated and tried to separate the combatants, but were received by a shot from Dugan. O'Mally at once turned loose and fired at the crowd, emptying his six-shooter. Several of the bystanders were more or less seriously injured. Donohue is lying in a critical condition, being shot in the groin, the ball passing upward. He claims that Dugan committed the deed while they were both on the floor.

## A Woman Buried Alive.

VICTORIA, B. C., Feb. 24.

A shocking occurrence took place at an Indian village a short time ago. A native woman was seized with a low fever, and while she was yet alive a consultation of Indian medicine men was held, and it was decided to bury her alive, the tribe thinking by that means the spread of fever would be prevented. A box was prepared, the living woman forced into it and buried. At the village of another tribe a medicine woman prescribed for a sick Indian, who died, whereupon a son of the dead man shot the woman.

## The Kallach Murder Trial.

SAN FRANCISCO, Feb. 24.

In the Kallach case to-day the prosecution introduced witnesses to prove the pistol produced in court to be the one Kallach shot De Young with. A new witness, Gibson by name—testified that he saw Kallach shoot at De Young. He was looking in the window at the time, but could only swear to five shots. The prosecution will probably close to-morrow.

## The Play To-Night.

"Dora," the beautiful play dramatized from Tennyson's poem, will be presented at the theater this evening by the Grace Hazle Comedy Company. Miss Hazle appears in the role of "Dora" and "Mary Morrison" will be represented by Miss Blanche Leonard. This being the young lady's first appearance on the professional stage, and her benefit night, the house should be well filled. "Dora" will be followed by the amusing farce of "The Persecuted Dutchman," in which G. C. Stayley takes the leading part, and introduces Dutch songs and Tyroleans. Many reserved seats have been taken.

## Quarterly Meeting.

The Rev. W. Carver holds quarterly meeting here on Sunday next. His subject for Sabbath evening will be: "The Power, Permanency and Final Success of the Bible," or "Can the Infidel Destroy the Bible?"

I will sell cheap for cash or installments the fine lots lying between Bishop Whitaker's Seminary and Mount Hope Nurseries, Reno, Nevada. These are the finest building lots in the State. STEPHEN CONNER.

## A Cross Baby.

Nothing is so conducive to a man's remaining a bachelor as stopping for one night at the house of a married friend and being kept awake for five or six hours by the crying of a cross baby. All crows and crying babies need only Hop Bitters to make them well and smiling. Young man, remember this.—Ed

Have "Grandfather's Clock" repaired at Goeppel's.

For a good New Orleans Chocolate Cocktail—the finest drink in the State, and for the famous Knickerbocker so well known in San Francisco by the lovers of fine drink, and for the genuine Old Rye and Rock, go to the Capital Saloon, Commercial Row, next to the Postoffice, as these drinks are only sold there.

For Cheap Drugs, Toilet Articles, Patent Medicines, Perfumery, etc., call at Jno. F. Myers' Drug Store, two doors west of the postoffice.

# Cause of Heat in Mines.

From the N. Y. Mining News.

An opinion has long prevailed upon the parts of many persons that the extreme heat in the lower levels of the Comstock mines, of Nevada, is solely due to their great depth. It is an established fact that the heat existing there is so great in places that the miners can work only in ten and fifteen minute shifts, and then in a state of comparative nudity. A scientist, who has given a great deal of careful thought to the subject, claims from the deductions he has made that this heat is alone the result of chemical action, such as the presence of limestone, which decomposes rapidly when attacked by carbonic acid gas and the action of water, qualities which are ever present in the mines. The decomposition causes the generation and exudation of intense heat, which, being largely confined in circumscribed space, greatly affects the comfort and convenience of the delvers of the deep, whilst they are engaged in dislodging the argentiferous ores. The hot springs in Colorado and other States acquire their heat through a similar action, and not by reason of depth; and this fact goes far toward substantiating the theory advanced. Mines of greater depth have been worked in Europe without the inconvenience of such intense heat being experienced, and indications exist that mines in Old Mexico have been worked down far lower than those on the Comstock lode.

## How It Was Done.

From the N. Y. Sun.

A wintry night, the moon shines bright, The stars look down with clear cold light. A vast expanse of glittering ice, A coating held all smooth and nice. A hooded maid with scarlet mitts, A far-lined cloak and her rubber tips. A college youth in an ulster long, A polo cap and moustache brown, A bob of latest manufacture, With rope and wood of finest texture. A maiden seated with much taste, As art around her slender waist, A gentle push, a rapid glide, Safe to the bottom of the slide. A slippery walk up the hillside tall, A gentle scream, a snowy fall, A moustache close to a scarlet cheek, A triumphant youth, a maiden meek. A disregard of the wintry weather. "Say, shall we bob too 'till together?" A glance from the dewy eyes half wet, "If I was sure we would never upset."

## A Lucky Burn.

From the Toronto Globe.

Two servant girls took a pan of live coals into their bedroom. During the night the fumes arose from the charcoal, filling the tightly closed room. One of the girls became insensible, and the other was about going into a similar condition. She fortunately rolled out of bed and into the bed of coals. In this condition one of her hands was so severely burned as to arouse her sufficiently to enable her to stagger to the door, when assistance was obtained. Had there been a few minutes' longer delay both girls would have been beyond succor.

## Frankie.

From the Coshocton Democrat.

Frank Harper has been living in Coshocton for months as a man, without the soft shyness of the sex ever betraying that she was a woman. She even went so far as to steal some small sums of money, and in prison was not detected. She used to drive for a livery stable, and was evidently a woman's rights woman, for she voted last fall in both elections in Coshocton County. Frankie migrated to Uhricksville, and still continued to steal. This time arrest led to exposure.

And in accordance with law, and an order of the Board of Trustees, made on the 19th day of January, A. D. 1881, so many shares of each parcel of such stock as may be necessary will be sold by the Secretary on the 15th day of March, 1881, to pay the delinquent assessment, together with cost of advertisements and expense of sale. MARK PARISH, Secy.

Reno, February 19th, 1881.

## Assessment Notice.

JONES & KINKAD GOLD AND SILVER Mining Company. Location of works, Pyramid Mining District, Reno, Nevada. Notice: There is delinquent upon the following described stock, on account of assessment No. 11, levied on the 15th day of January, A. D. 1881, an assessment (No. 11) of the Capital share, was levied on the Capital share of the Company, payable immediately to the Secretary at his office in the building numbered 19th, Reno, Nevada.

Any stock upon which this assessment shall remain unpaid on the 15th day of March, A. D. 1881, shall be deemed delinquent, and advertised for sale at public auction, and if not paid before will be sold by the Secretary at his office on the 15th day of April, A. D. 1881, at 6 o'clock P. M., to pay said delinquent assessment, together with costs of advertising and expense of sale. C. A. BRADLEY, Secy.

Reno, February 14, 1881.—14

## Dissolution of Co-partnership.

NOTICE is hereby given to all whom it may concern, that the co-partnership heretofore existing between Charles Knust and J. E. Jones, at Reno, Nevada, under the firm name and style of Knust & Jones, has this day been dissolved by mutual consent. J. E. Jones retiring, Chas. Knust assuming all liabilities, and collecting all notes and bills due the late firm. CHAS. KNUST, J. E. JONES.

Referring to the above notice, I desire to return thanks for the liberal patronage of the public heretofore enjoyed by said firm, and trust by fair dealing I shall merit a continuance thereof. CHAS. KNUST.

Reno, Jan. 31, 1881. 1m

## Notice to Creditors.

NOTICE is hereby given by the undersigned public administrator of the estate of M. S. Hilton, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers within four months after the first publication of this notice to the said administrator, at his office on East Virginia Street, Reno, Washoe county, Nevada.

W. H. DICKENS, Administrator of the estate of M. S. Hilton, deceased. Dated at Reno, Nev., January 26th, 1881.—1m

# Notice.

ALL PERSONS indebted to the Reno Lumber Yard up to February 1st, 1881, are requested to promptly pay their bills to J. J. Grant, Supt.

A. MCINTOSH, Reno, February 5th, 1881.—1f

## THE BOSS!

Edison Outdone.

Over 150,000 Sold.

Patented April 2, 1873, June 11, 1873, and July 8, 1879.

Boss Coffee, Tea Pots & Urns.

It is the Boss! Why? Because it produces Boss Coffee.

It makes rich flavored Coffee! Why? Because it saves the aroma and food are retained. It beats them all! Why? Because it saves 100 per cent over boiled Coffee, which is not Coffee, but bitter water. Second—Because it saves 50 per cent over any other method of making Coffee. Third—Because it saves eggs and trouble of clarifying. Fourth—Because it makes Coffee as clear as red wine. Fifth—Because it takes only two minutes to make Boss Coffee.

The Boss works as well on Tea, and saves 25 to 50 per cent.

While Edison may furnish light to millions, the BOSS will assuredly give health to all who use it. Thousands have become nervous and bilious from drinking boiled coffee or BITTER WATER (boiled coffee is not coffee, but bitter water poisoned with coffee-skins). Stop drinking boiled coffee. Make your coffee as NATURE ORDAINED, and restore your health. Many inventors have racked their brains to furnish the quack remedy with a practical method of making coffee. At last the HAPPY RESULT has been accomplished in the production of very cheap and simple Pots and Urns celebrated as the BOSS.

To Whom It May Concern: After thoroughly testing the BOSS COFFEE POT, we, the undersigned, fully endorse the same as the best method of making Coffee we have ever seen. Besides saving money, it will save a large per cent of the Coffee. It produces Coffee as clear as wine, which is much stronger, and has a more delicious flavor than any coffee made by any other process.
